## **A JOEY SKAGGS PRESENTATION:**

Joey Skaggs' multi-media presentations provide a unique glimpse of one of America's most trail-blazing artists and socio-political activists.

He has lectured and taught workshops extensively throughout the United States and in Europe, Asia, South America and Australia for organizations, associations, conferences, festivals and schools.

He is a master storyteller who, with humor and compassion, offers unforgettable creative insights to people of all ages who are concerned about global communication, social activism, media literacy, creativity and education.
