Madeleine: To get to the other tide!

WOW SHOT

A Fish's Wish

Life is going swimmingly for these pet fish. They're freestylin' in their very own **Fish Condo**, an aquarium made by artist Joey Skaggs. As well as kitchens like the one shown in the photo, you can buy living rooms and bedrooms for your fish to frolic in. The price tag? \$7800 (\$5000 US). And that's no fish story!
