

THE FAT SQUAD

FOR IMMEDIATE RELEASE:

Take out a contract on yourself. Rub out fat!

Announcing the absolute fool-proof service for overweight people who have tried every conventional diet program -- Health Spas, Aerobics and Fad Diets -- and have failed to adhere to their weight reduction program:

Now there's The Fat Squad!

The Fat Squad offers 24 hour surveillance to make you stick to your diet. Our commandos provide round-the-clock supervision to keep you honest. You don't have a chance to cheat on yourself -- we won't let you.

Fat Squad commandos are on the job at breakfast, lunch and dinner -- even during sleeping hours. They supply all the moral support you need. If that doesn't work, they use discipline. They search the refrigerator, pantry and bathroom for hidden stashes. If you need to be tied to your bed, they'll do it. Our Fat Squad commandos are cordial, but strict.

This service is for people whose busy schedule does not afford them the luxury of losing weight at faraway spas or fat farms. Now in the convenience of your own home and office, you can loose weight without losing money.

The Fat Squad offers a wide range of commandos for your selection. But remember -- when you hire us, you can't fire us. And our commandos take no bribes.

All Fat Squad Commandos work in strict confidentiality and in consultation with your doctor to insure that you follow your prescribed weight reduction program.

Fee schedules: \$300.00/Day (3 Day Minimum)
